Squadding: Squadding and briefing begins at 0730 AM. All matches will be squadded. Squadding for individual matches will be issued during the briefing by the Statistical Officer in the Registration area behind the 600 yard line. ***NRA Membership numbers and classification cards must be exhibited before squadding assignments are made.*** If a competitor fails to present himself at the proper firing point when his relay is called, or fails to show in the Pits before Pits seal, he may lose his right to compete in that event. High Masters and Masters will be grouped together when possible but this is not guaranteed as per Rule, 11.6.7. **Total satisfaction is not guaranteed.**

Classifications: The NRA Highpower Classification system will be used. Unclassified competitors will compete in the Master Class. Rule 19.6 – Assigned Classification, or 19.2 – Temporary classification may be used in making entry provided documentation is presented to the STAT Officer.

Rifle Allowed & NRA Rule: Current NRA High Power Rifle rules shall govern this event. Allowable rifles must comply with rule 3.3.2 and 22.3.4 (a) & (b) for F-Class Rifle.

Ammunition: Rule 3.17, provided by the competitor.

Scoring & Pits: The Silver Mountain Electronic Targets System will be used (all NRA rule 10.17 apply). With the electronic target system, competitors are still required to score. Failing to perform scoring duties is grounds for disqualification. Competitors should bring their own personal electronic device with sufficient power for a full day of operation and capable of accessing an internal webpage over the range Wi-Fi. In the event of a catastrophic failure or malfunction of the electronic target system, the Match Director will reserve the right to make a decision to either delay the match or to switch over to conventional targets and pit duty. All competitors will be required to perform pit duties if such a case arises. If a substitute puller is used, the competitor is

responsible for their attendance and performance. Competitors with physical limitations that need assistance must notify the Match Director in advance.

Challenge Period: Challenge period ends 30 minutes after scores are posted.

Targets For MidRange and Fullbore: 300 yard MR63F, 500 Yard MR65F, and 600 yard MR-1FC. targets.

Awards: Rifle categories are F-Open & F-TR. 1st place class awards will be given for the F-Class grand agg for classes with 5 or more competitors. High Masters and Masters will not be combined. Other classes of less than five may be combined. Individuals winning a Place award are not eligible for Class awards. First place in each rifle category in the F-Class event will receive \$500, second place, will receive \$200 Awards for Fullbore and Team events will depend on participation.

Lodging: There are numerous hotels within fifteen minutes of the range. Search for Palm Bay or Melbourne Hotels. Beachside hotels are available but the drive time is 45 to 50 minutes.

On site camping: Campsites with electricity are available on the Club property for \$10 per night. Club policy dictates that a club member be on site if a non-member is camping. Contact the Match Director for information. Pump out will be available through the Port-A-Potty contractor.

Additional Information: The Port Malabar Rifle and Pistol Club welcomes all competitors to the 2023 Space Coast Regional. We hope you have a safe and pleasant shooting experience at our facility. See our website: www.PMRPC.com. Or www.pmrpcrifle.com Club Bylaws and Range Rules and Regulations apply to all activities at the PMRPC facility. The Release and Hold Harmless Agreement may be previewed there.

Local rules: At the firing line all participants and spectators **must have ear protection and protective eye wear is strongly encouraged**. In the pits **eye protection and ear protection is mandatory** and a **hat is recommended**. All shooters are required to sign a Release and Hold Harmless Agreement to participate. All minors (under 18 years) must be under direct adult supervision anywhere on club property.

Every competitor is expected to have every shot in the frame. Equipment capable of 15 minutes elevation above the 200 yard zero with bullet muzzle velocity of 2700+/-400 fps is expected. Come with a 100 or 200, or 300, or 600 zero. We will not accommodate first time installations of new scopes or new irons. Each shooter is responsible for every round leaving their rifle. Once the Match starts, a non-visible miss may be grounds to pull the competitor from the line, even during the sighting period, at the discretion of the Chief Range Officer. Scorers need to ensure the shooter is on target. During the unlimited sighting shot interval the scorer may coach the shooter e.g. watch the bullet path down range and offer corrections. Coaching is only allowed during

sighting shots. If a non-visible miss off the target cannot be attributed to a cross fire, then the scorer must inform the line officer. The Chief Range Officer will have the discretion to disqualify the competitor for the rest of the match.

The Scorer will confirm that the data required on the score card are entered and are correct. **The Scorer will ensure both he and the shooter complete and sign the score cards.** Rule 14.3.1. **The scorer must account for all rounds fired.** Incomplete scorecards will not be accepted by the Stat Officer. It is the shooter's responsibility to ensure the score keeper is recording all shots. If score keeper misses a shot, the shooter may, at the Range Officer's discretion, be required to shoot additional rounds.

If you develop a sight malfunction, the rules give you time to repair it. The line officer may insist you go to the 50 yard practice range, or the sight in range, and re-zero before he allows you to resume shooting at 600 yards. If you cannot resume with your relay in the rule's time available, the penalty described in the rules will be followed. We will not allow unsafe practices or non-visible misses.

The 600 yard line is under cover. All positions at 600 yards will be shaded. Spiked legs for scope stands, front rests, or bipods are not permitted on the Astro-Turf. All muzzles shall be across the white safety line. All other equipment shall be behind the white safety line.

The scorecards and the Statistical Officer's report are the official data. Match updates and final scores will be posted at the Stat Shack and the official challenge period of 30 minutes begins once they are posted. It is the competitor's responsibility to verify their scores during the challenge period and to report any discrepancies to the Stat Officials.

At time of registration, PLEASE identify any cases of equipment sharing, needs for zeroes, needs for help in the pits, new competitors, junior shooters needing an adult, etc. The Chief Range Officer and the Statistical Officer will do what they can to accommodate/balance the requests via squadding. **Total satisfaction is not guaranteed.**
